“Our truest response to the irrationality of the world is to paint or sing or write, for only in such response do we find truth.” —MADELINE L’ENGLE

In trying times such as international pandemics, it can be a challenge to constantly “keep the faith.” A remedy heartily endorsed by *A Wrinkle in Time* author Madeline

L’Engle is to get creative—which is what will happen at the **2021 Friends and Family Retreat at Lake Tahoe.**

Presented by Bethany Presbyterian Church of Sacramento, this retreat will offer an informal, fun and engaging approach to re-energizing and deepening your faith through the arts.

THE EXPERIENCE

Enjoy the (safely distanced) company of others while participating in creative projects—including visual art, the written word, movement and music—prayer, discussion and other activities. Discover how the arts influence and enhance our respective faith journeys. There’ll be ample time for personal reflection, swimming (if you dare!), and nature walks. Be sure to bring your camera and binoculars to capture the spectacular views. Enjoy the warm days and be prepared with a warm jacket for the cool evenings. You’re sure to come away with new ideas and approaches to help you grow in faith. You don’t have to be a member or “regular” of Bethany Presbyterian Church to attend the retreat.

SAFE AND SOUND

Zephyr Point Presbyterian Conference Center is committed to ensuring a safe environment for all. Participants are expected to observe all stated COVID-19 health and safety protocols, including the wearing of masks as required.

“Unless we are creators, we are not fully alive.”

—MADELINE L’ENGLE
